

REUNION NEWS

WEBSITE BRINGS CLASSMATES TOGETHER

The reunion website has been a resounding success as a place where classmates can learn, plan, and communicate about our upcoming reunion. Since its debut in January, www.melhi68.com has received over 700 hits from classmates and friends interested in event details, purchasing tickets, and travel information. It has become a gathering place for classmates to take our trivia quiz, sign the guest book and post current information about lives and family as we prepare to reunite this summer for our 40 year reunion. Going forward, we will be adding photo albums, a message board and a memorial to classmates who are no longer with us. After the reunion, the website will remain as a tribute to the class of 1968 and a place we can all go to reminisce about times we spent together that will forever remain in our memories.

MELBOURNE HIGH SCHOOL TOUR

As you may know, much of Mel-Hi has been rebuilt over the years. Thanks to Linda Trew, the current principal has agreed to provide a tour of the school on the afternoon of Friday, July 25. Details to follow...

AFTER 52 YEARS, GYM GIVES WAY TO A NEW 'PALACE'

Mel-Hi's 52 year old gym will be torn down this spring giving way to a \$10.5 million facility.

It's where birds "sneaked in" through countless broken panes of glass, and where temperatures dipped low enough to let players blow puffs of steam. It's also where baseball star Bruce Bochy, comedian Darrell Hammond, Sen. Bill Nelson and even jazz great Duke Ellington once played.

After 52 years of basketball, big bands and, yes, even birds, the Melbourne High gymnasium still looks like an airplane hangar.
